

# SOLVLINE ONE

former SOLVENTE PER BETON-COLOR

## TECHNICAL FEATURES

SLOW CURING

### Description

SOLVLINE ONE is anhydrous and denatured butyl acetate indicated as a thinner and surface cleaner.

### Colour

SOLVLINE ONE is a clear, colorless liquid with a characteristic odor.

### Field of application

SOLVLINE ONE is used as:

- solvent for diluting BETON COLOR and other products for which anhydrous butyl acetate is required;
- detergent for cleaning surfaces stained due to improper and/or excessive applications of PRO-TILER FINITURA (See Technical Data Sheet).

### Advantages

- SOLVLINE ONE shows a very low water content, suitable for the dilution of polyurethane products (where applicable).

### Tool cleaning

- SOLVLINE ONE is suitable, as an alternative to ACETONE, for cleaning brushes, rollers and equipment for spraying solvent-based products.
- SOLVLINE ONE is not suitable for removing residues of turpentine-based products (wood impregnators, solvent-based waxes, etc.)

### Useful tips for laying

- The product is FLAMMABLE.
- Read the Safety Data Sheet carefully before use.

## Technical Data

► PRODUCT IDENTIFICATION DATA		value
Density at 23°C, EN ISO 2811-1	kg/L	0,88 ± 0,02
Appearance	-	Clear transparent liquid
Odor	-	Characteristic
Water content (Karl Fischer), ISO 760	-	< 0,1%

## Product storage

# SOLVLINE ONE

• 24 months in the closed original packaging, in a dry and covered place away from direct sunlight, at a temperature between +5°C and +30°C.

## Packaging

VARIANT	PACKAGE	ADR	PACKAGE / PALLET	COMPONENTS	NOTES
-	12 x 1L cans	P*	32 boxes		-
-	4 x 5 L cans	P*	18 boxes		-
-	steel pail - 20 L	SI'	33 buckets		-

### ADR legend:

NO = NON-DANGEROUS goods

P\* = DANGEROUS goods packed in limited quantities (packed as per ADR Chapter 3.4)

SI = DANGEROUS Goods

## LEGAL NOTES

Any advice concerning the methods of use of our products reflects the current state of knowledge and does not imply any guarantee and/or responsibility as to the outcome of the application. Consequently, the customer must verify the product's suitability for the intended use and purposes by testing the product in advance. The Internet website [www.nordresine.com](http://www.nordresine.com) contains the latest revision of this technical sheet: in case of any doubts, verify the date of revision (where missing, use the date of issue) by consulting the "PRODUCTS" section.
